HISTORY

PAST

DUMMER ACADEMY holds a unique and dignified position among the secondary schools of the United States. It is the oldest unendowed institution of its sort in this country.

The Honorable William Dummer, by the gift of his estate, made possible the foundation of the Academy which bears his name. He was Lieutenant-Governor of the Province of Massachusetts Bay from 1716 to 1730, acting as Governor from 1723 to 1728 and from the time of the death of Governor Burnett until the arrival of Governor Belcher. His grandfather, Richard Dummer, one of the early settlers of Newbury, was a man of great wealth and liberality. Governor Dummer was born in Boston in 1679, died there in 1761, and his body now lies in the Granary Burial Ground.

By his will, the income from his farm was first to be appropriated to the erection of a "Grammar Schoolhouse to be erected on the most convenient part of my Sd. farm," and after that forever "toward the maintenance of a Grammar School Master in Sd. School." In 1762, a schoolhouse was built; it still stands and is most properly used as a chapel. On March first, 1763, under the charge of the celebrated Master Moody, it first opened its doors, and in 1782 the school was incorporated by a Special Act of the Legislature of Massachusetts under the name of "The Trustees of Dummer Academy in the County of Essex." These are the bare facts—rich are the traditions which surround them; dignified the work whose beginnings they record; inspiring the records of the lives of service of the men who went out from this Academy.

Among its early graduates who rose to distinction are the following:

CAPTAIN SAMUEL OSGOOD, who fought at Lexington, and who was Commissioner of the United States, Treasurer, and Postmaster-General.

MAJOR ANDREW MCCLARY, who fell at Bunker Hill.

BRIGADIER MCCLARY, CAPTAINS CLEVELAND, FRYE and GLOVER, in the Revolution.

TOBIAS LEAR, private secretary to George Washington.

RUFUS KING, staff officer, member of the Convention that framed the Constitution of the United States; later Senator.

Fourteen other members of the Continental or the United States Congress.

CAPTAIN EDWARD LONGFELLOW, who served in suppressing Shay's Rebellion.

COMMODORE EDWARD PREBLE and CAPTAIN RICHARD DERBY, of the United States Navy.

THEOPHILUS PARSONS and SAMUEL SEWALL, two Chief Justices of Massachusetts.

SAMUEL WEBBER, President of Harvard College.

ELIPHALET PEARSON and DAVID TAPPAN, Professors in Harvard College.

SIR DAVID OCHTERLONY, Major General of the British Army, Member of the East India Company, Founder of Indian Empire, to whom a statue is erected in Bombay, stating that he is a graduate of Dummer.

SAMUEL PHILLIPS, through whose agency was founded Phillips Exeter and Phillips Andover Academies.

Through all the years that have passed, Dummer Academy has been doing yeoman service in moulding boys into men. It has been true to the purpose of the founder in establishing a democratic, non-sectarian, ideal American school, opposed to all class distinctions, open alike to boys of all walks of life, ready to extend aid to every deserving boy of slender means, placing the building of character above the requirements of the schoolroom, and standing for all that is best in the development of a boy's mental, physical, and spiritual life.

STAIRWAY IN MANSION HOUSE

PARSONS SCHOOL HOUSE

SHOULD you visit Dummer Academy today, you would find an institution ever mindful of the standards of learning and loyalty set by those who have gone before, and ever striving by modern methods to improve those standards.

We have a most desirable location, four miles from Newburyport and three miles from the sea-shore; well protected by the surrounding hills from severe weather, but sufficiently above the low lands of the valley to be free from a damp atmosphere. The combination of a beautiful country and the sea air is productive of excellent health conditions. Incidentally, the problems which confront many of our secondary schools because of the outside distractions to be found in the large cities, never present themselves at Dummer.

THE SCHOOL AIMS to discover the possibilities of each student and to train him so that in utilizing his possibilities, he may think clearly and soundly, and, with widened perceptions and strengthened affections, seek eagerly his proper place in the community, render full service, and advance high purposes.

EQUIPMENT

THREE HUNDRED AND SEVENTY ACRES of rolling land, bordering on the Parker River, an arm of the sea from Plum Island Sound, on the North Shore of Massachusetts.

THE GOVERNOR'S MANSION HOUSE. (Built 1716.) A fine piece of Colonial architecture, occupied by the Headmaster.

THE PARSONS SCHOOLHOUSE. The principal school building, containing office, library, laboratories, recitation rooms, and an assembly room used in the preparation of lessons.

THE COMMONS. Headquarters for the school life, containing a comfortable gathering place, an adequate dining hall with modernized commissary equipment, and rooms for eighteen senior boys.

MASTER MOODY HOUSE. (Opened September, 1915). A dormitory for fourteen boys, from ten to thirteen years of age, a living-room, rooms for a married master; all planned so as to give constant oversight and care in pleasant surroundings. The wing of this house, with separate entrance, is arranged for an infirmary.

PEIRCE HALL. A brick dormitory (40x65) opened October, 1918. This building has excellent accommodations for twenty-eight boys, one married master and an assistant; also a large living-room, quarters for the Junior School, and a room for Mechanical Drawing. This is the first of a new group of buildings already planned to take care of the growth of the school.

PERKINS HALL. (Opened September, 1925.) A dormitory to accommodate twenty boys and two masters.

THE MASON COTTAGE. Eight rooms, occupied by a master and his family. This is a step towards securing adequate housing for married members of the Faculty.

THE LANG GYMNASIUM. This building of brick, 95 x 52 feet, was completed in June, 1922. It is named in honor of the principal donors, Mr. and Mrs. William A. Lang, of Melrose, whose gift of \$22,000 to the building fund capital, made its erection possible. It contains a playing floor, 68 x 41 feet, a gallery for one hundred and fifty spectators, a large locker-room, offices, etc. This fine piece of equipment will meet the needs of the growing school for some time to come.

THE ORIGINAL SCHOOLHOUSE. Dating back to 1763; now used as a chapel.

THE ANNEX. A portable schoolhouse, comprising two large, well lighted, well ventilated and comfortable recitation rooms.

ALL THE BUILDINGS ARE LIGHTED BY ELECTRICITY AND HAVE STEAM HEAT.

WATER PLANT. All the water used about the school is piped from large springs a quarter of a mile away. The springs and their surroundings are controlled by the school.

BASEBALL AND FOOTBALL. Provision is made for these sports on the school property, where a large playing surface has been leveled. There is a large barn where horses may be kept.

GOLF LINKS. Students, with the approval of the Headmaster, are admitted to the links of the Ould Newbury Golf Club (located on the school property) at a fee of \$7.00 per year.

TENNIS. Through the generosity of one of the Trustees, Mr. Roland H. Sherman of Winchester, Massachusetts, the school is equipped with two excellent gravel courts.

LANG GYMNASIUM

RELIGIOUS LIFE

WHILE THE SCHOOL is a Congregational foundation, it is in fact non-sectarian. It holds that some positive religion is of very great importance to the developing boy, and seeks to enrich his life by teaching the love of truth and the significance of worship and aspiration.

THE EXERCISES of each day begin with morning prayers. On Sundays, attendance at the morning service of the Byfield Parish (Congregational) Church, or at some other church selected by parent or guardian, is required.

ON SUNDAY AFTERNOONS, those students who have not had sufficient Bible training, meet a Master in a regular course of Sunday School lessons. In the evening, the whole school gathers for a service of song and an address by the Headmaster or a speaker invited to conduct the services.

AS A PART of the school course, regular instruction is given in the Bible as literature.

ATHLETICS

THERE ARE EXCELLENT FACILITIES for all branches of athletics, including golf and tennis.

THE REGULAR TEAMS are well supported, but they are regarded as a means and not an end. Games should contribute to the health and enjoyment of all and should be played in the open air whenever possible. Regular out-of-door exercise in some form is required of each student.

DAY STUDENTS, as well as the boarding students, may be required to take physical training in the afternoon.

MUSIC

INSTRUCTION ON THE PIANO AND VIOLIN may be had by special arrangement. The school has an Orchestra, which enables those who have made some progress in music before coming to the school, to keep in practice and to have the experience of actual playing with others in concerts and elsewhere.

OUTFITS

EACH BOY is supplied with couch, mattress, pillow, chiffonier, table and chair.

HE SHOULD BRING a bath-robe, bed slippers, bath towels, common towels, four sheets for a three-foot bed, pillow cases, napkins and ring, couch cover, two bags for soiled clothes, a small rug (two by four feet), and four blankets). All articles should be marked with owner's name (not initials).

A COMPLETE CHANGE of clothing and foot-wear suitable for outdoor play in all weathers is essential. A gymnasium suit and gymnasium shoes are compulsory.

MEDICAL ATTENTION

SLIGHT ILLNESS is cared for at the School Infirmary, under the direction of the nurse. Surgical cases requiring X-ray examinations and specialists are treated at the Anna Jaques Hospital in Newburyport, where the services of the best physicians and surgeons of Boston are available.

THE UPPER SCHOOL

THE CLASSICAL COURSE is designed to meet fully the entrance requirements of candidates for the A.B. degree in any university or college.

THE SCIENTIFIC COURSE prepares for Massachusetts Institute of Technology and similar institutions.

THE GENERAL COURSE is designed for those who do not expect to pursue their studies beyond graduation.

WRITTEN EXAMINATIONS are held monthly, and reports are sent regularly to parents.

THE CERTIFICATES of this school, in lieu of examinations, are accepted by all New England colleges (except Harvard and Yale, which admit by examinations only), and by other American universities.

PERMANENT FUNDS, SCHOLARSHIPS AND PRIZES

GOVERNOR SCHOLARSHIPS.

William Dummer, the founder, Lieutenant-Governor and acting Governor of Massachusetts Bay Colony, provided in his will that the income from his dwelling-house, farm, and real estate in the Parish of Byfield should be appropriated to building a grammar school house, and thereafter toward the maintenance of a grammar school master.

The income of his estate is applied to the maintenance of the Master. This is carried out through the establishment of Governor Scholarships of a value equivalent to the annual income. These are awarded annually to boys coming to the school from the Parish of Byfield as day pupils, upon their giving satisfactory evidence of good character, industry and ability. The First Governor Scholarship is equivalent to \$200.00, and it entitles the boy found by the Master best qualified among those eligible, to attend the school free of tuition for a year. Each of the other scholarships is equivalent to \$150.00, and entitles the holder to attend the school at the reduced cost of tuition of \$50.00 a year.

MOODY KENT FUND.

\$500.00

Moody Kent, of Concord, New Hampshire, a student in the Academy in 1797, by his will in 1866 bequeathed \$500, the income to be expended in the purchase of medals with suitable devices or engravings thereon, not less than two nor more than ten each year, to be given to such scholars or pupils as shall, in the opinion of the Trustees, be best entitled by their good behavior and attainments to such marks of distinction, and would be most likely to profit by them; not more than one medal to be given to any individual and none to be given to any individual who has not been at least one year at the Academy.

By an Act of the Legislature of Massachusetts, 1909, Chapter 74, the Trustees of Dummer Academy in the County of Essex were authorized to use the income of the Moody Kent Fund

for diplomas and other prizes to such students as said Trustees from time to time shall deem deserving, instead of for medals as provided in the will of Moody Kent.

On Commencement Day each year, six prizes of \$10.00 each are awarded for the highest standing in the following subjects: English, Classics, Modern Languages, Mathematics, Science, and History.

STICKNEY FUND.

\$10,000.00

Sarah Hale Stickney, of Lowell, Massachusetts, by her will, allowed July 10, 1883, gave a legacy of \$10,000, to be known as the Stickney Fund, in memory of her honored father, Samuel Stickney, a former pupil and for many years a Trustee of the school, and of his interest in the Academy and in the cause of education and religion, the income to be used for the support of instruction and for the benefit and advancement of the Academy.

The income is used for the Stickney Fund Teaching Foundation.

CYRUS WOODMAN FUND.

\$1,000.00

Cyrus Woodman, of Cambridge, Massachusetts, a Trustee of Dummer Academy from 1881 to his death in 1889, bequeathed the sum of \$1,000, which was to be given to the Academy, to be known as the Cyrus Woodman Fund, the income only to be used for the general purposes of the school.

EWELL FUND.

\$100.00

John Lewis Ewell, who graduated from the Academy in 1856, by his will, allowed in 1901, bequeathed \$100, to be known as the Ewell Fund, the income only to be used and to be expended by preference in books illustrative of the Bible or aiding in its study.

STERNS FUND.

\$500.00

Mrs. Harris O. Poor and Mrs. Charles Swan, in December, 1913, gave the sum of \$500 to be called the Sterns Fund, in memory of their father, Samuel Sterns of Bangor, Maine, a student

in the Academy in 1859; the income to be awarded each year to some deserving student for the purchase of text books, or the principal, with the approval of the donors, to be used as a student loan fund.

NEWBURYPORT CHAPTER, DUMMER ALLIES FUND.

\$2,000.00

On April 9, 1912, the Newburyport Chapter of Dummer Allies made a gift of \$300, with the intention of making further gifts from time to time until the several gifts, together with interest at 4 per cent, should be equivalent to \$2,000; and thereafter the Newburyport Chapter of Dummer Allies should have the right to nominate each year, subject to the approval of the Master, a day student to be educated at the Academy without further charge for tuition, under a scholarship to be called the Newburyport Chapter of Dummer Allies Fund.

NEWBURY CHAPTER, DUMMER ALLIES FUND.

Mr. Noyes was of the Class of 1873 and a Trustee from 1895 to his death in 1913. Part of the fund was used, with other gifts, toward erecting the Master Moody House and Peirce Hall. The income from the fund is used for the Edward Parish Noyes Teaching Foundation.
